██████████ is coming back from ██████████ to present a paper on "Problems of Management in the Soviet Economy" at a meeting to be held in California. On Thursday, 12 June there will be a meeting between State ██████████ with ██████████. Suggest we contact ██████████ about ORR participation in this meeting. I believe ██████████ talked with ██████████ last summer while he was in ██████████.
